Local Wellness Policy Triennial Assessment Report Card

Date Completed: 2023-2024

A local wellness policy guides efforts to create a healthier school environment. Effective wellness policies support a culture of well-being by establishing healthful practices and procedures for students, staff, and families. Schools/districts participating in the federal Child Nutrition Programs are required to complete an assessment of their local wellness policy, at minimum, once every three years. This report summarizes policy objectives and details the results of the most recent evaluation. For questions regarding the results, contact Jodi Weldy, RN 608-464-3165 ext. 131.

Section 1: Policy Assessment

Overall Rating:

Ratings are based on a four-point scale to measure success in meeting/complying with each policy objective.

- 0 = objective not met/no activities completed
- 1 = objective partially met/some activities completed
- 2 = objective mostly met/multiple activities completed
- 3 = objective met/all activities completed

Section 2: Progress Update

Working on increasing strength scores for the WellSAT and aligning school wellness policy to better meet the best practice policy items on the WellSAT.

Working on continued review of the wellness policy and staff wellness program.

Section 3: Model Policy Comparison

A required component of the triennial assessment is to utilize the Rudd Center's Wellness School Assessment Tool (WellSAT) for comparison of the Local Wellness Policy to a Model Wellness Policy. The WellSAT includes 67 best practice policy items related to nutrition education; nutrition standards for foods; physical education and activity; wellness promotion and marketing; and implementation, evaluation, and communication. The comparison identified policy strengths and areas for improvement.

WellSAT Scores

WellSAT scores are calculated for comprehensiveness and strength. The comprehensiveness score reflects the extent to which recommended best practices are included in the policy. The strength score reflects how strongly the policy items are stated. Scores range from 0 to 100, with lower scores indicating less content and weaker language and higher scores indicating higher content and the use of specific and directive language.

Comprehensiveness Score:

73
